The RMSC Coaching Director Services Program can be tailored to fit the needs of each individual Club, based on the figures and cost breakdowns listed above and the number of players and coaches involved in the Club. The actual Year-Round schedule will be arranged to agree with the calendar of both the Club and the RMSC based on game, practice, camp and other program schedules.

Field and Indoor Training space to be used at the Club’s location is to be scheduled and reserved by the Club.

In order to keep these costs as low as possible, it is recommended that the Club provide Lodging and Meals for the RMSC Staff while running various portions of the program at your location throughout the year. Some ideas are: Home Stays - Club Pot Luck - Donated Hotel Rooms - Donated Meals. If arrangements are not made by the Club, prices will be raised to offset the costs of hotel rooms and meals for the RMSC Staff.
