QUALITY CONTROL COACH MENTORING PROGRAM

The Rocky Mountain Soccer Camp (RMSC) has partnered with the National Soccer Coaches Association of America (NSCAA) to provide a unique service designed to help coaches run more effective and efficient training sessions for their players. This is accomplished through the observation and evaluation of the training session by a highly qualified, professional “mentor.” This Mentor will provide feedback on the practice and make recommendations that will aid the individual coach’s development and advance their coaching abilities. We believe that this program will be of great benefit to each participant and is a program that is not generally offered through most soccer clubs and organizations.

BENEFITS

- “One on One” interaction
- Mentoring takes place “In-Season”
- Mentoring takes place at the team’s regular practice times and location
- No travel or lodging expenses as at “standard” coaching courses
- The players on the coach’s team are the participants in the sessions, so the coach does not have to “play” in the sessions for the Mentor/Instructor or Candidates as part of the program
- Professional feedback on a 1 hour long practice, not just on a 5-10 minute “manufactured” session
- NSCAA “perks” for enrolling in the Deluxe Package
